

Ram Madhukar Munde

Software Developer

✉ rammunde9834@gmail.com ☎ 9834631497 📍 Pune 🔗 LinkedIn 🐙 Github 🏆 LeetCode

PROFILE

Experienced full-stack developer proficient in React.js, Node.js, and JavaScript, with a proven track record in developing robust and high-performance web applications. Skilled in Agile methodologies, version control (Git), and effective cross-functional team collaboration.

PROFESSIONAL EXPERIENCE

Junior Software Developer
Prosperasoft

05/2023 – present
Pune, India

- Developed high-performance web applications using React.js, Node.js, and JavaScript.
- Utilized full-stack development skills to enhance frontend and backend, improving user satisfaction by 25%.
- Implemented RESTful APIs to facilitate smooth communication between client-side applications and servers, reducing data retrieval times by 15%.
- Optimized web performance, improving load times by 40% and overall application efficiency.
- Collaborated in Agile sprints and stand-ups, contributing to a 95% on-time delivery rate.

PROJECTS

Data Governance as a Service
React Js | Node Js | Material UI | MongoDB

- Developing and integrating complex features from scratch, and delivering a robust data governance solution.
- Handled full-stack development, leveraging React.js for the user interface, Node.js for server-side logic, and MongoDB for efficient data storage and retrieval, ensuring seamless functionality.

Builty
React Js | Node Js | Tailwind CSS | MongoDB

- Innovated and developed new React.js-based frontend interfaces following Figma design specifications; improved user satisfaction scores by 30% and decreased page load times by 15%.

PERSONAL PROJECTS

E-Commerce Dashboard
React Js | Node Js | Material UI | MongoDB

- Developed a high-performance E-commerce dashboard using React.js, Node.js, Material UI, and MongoDB.
- Created dynamic and responsive UI with React.js and Material UI, optimized backend server-side operations with Node.js, and ensured efficient data management with MongoDB.

Pro-Health Care
React Js | Node Js | MongoDB

- Implemented a healthcare management web application enabling doctors to efficiently track patient appointments.
- Developed features for patients to view their scheduled visits, significantly enhancing scheduling efficiency and patient care.

EDUCATION

BTech In Information Technology || CGPA: 8.89
Vishwakarma Institute of Information Technology

08/2020 – 06/2023
Pune, India

Diploma In Computer || 86 %
Government Polytechnic Karad

07/2017 – 06/2020
Karad, India

SKILLS

Programming Languages
React js, Node js, Javascript, C, C++, Java, Python

Tools & Platforms
Git, GitHub, JIRA, Trello, VS Code
